

RHINO KOMPAK

BATTERY PACK WITH INTEGRATED CHARGER

RHINO KOMPAK battery packs are designed to offer superior performance the OEM counterparts offered by other manufacturers thanks to it's tubular cell technology and it's high frequency charger guaranteeing an optimal and quick charge.

We offer two standard models that fit most applications, but we can also design custom models for any sizes available in the current market.

FEATURES

- Tubular technology in BCI cells
- Lead/acid or gel cells
- Higher capacity
- Minimum water consumption
- Superior durability
- High resistance to vibrations
- Quicker charging time
- Better heat resistance
- Easy maintenance
- Bolted posts available
- High frequency integrated charger

Available in DIN and BS format

RHINO KOMPACT

CHARGER AND OPTIONS

Each RHINO KOMPACT comes with a TECNİK PHF-FGM or PHF-HD3 high frequency charger. They are programmed for optimal performance according to the battery they are matched with. Also, detailed charge statistics can be downloaded via PC software for controlled unit management.

For better performance and extended battery life, we offer the following options: automatic battery watering systems and / or battery modules for data collection with included temperature probe.

MODEL	VOLTAGE / CAPACITY	DOUGLAS MODEL REFERENCE	DIMENSIONS (W x D x H)	MAINTENANCE FREE	WEIGHT (Lbs)
12-2PZVB142	24V / 142Ah	503554DL-SBKP 505668DL-SBKN	24.5" x 8.38" x 23"	YES	168
12-2USI413PK	24V / 170Ah	12-85-07	24.5" x 8.38" x 23.25"	NO	376
12-3USI413PK	24V / 255Ah	12-85-07	31" x 8.56" x 23.25"	NO	475
12-6USI413PK	24V / 510Ah	12-85-13	31" x 13" x 23.5"	NO	825

WARRANTY

RHINO KOMPACT battery packs have the most comprehensive warranty in the industry: For most applications, units are fully covered for 1 year, and up to 3 year depending on selected options and working conditions. For detailed information, feel free to communicate with our sales or service team.
